

CONCISE ATLAS OF THE WORLD.

Bibliothèque,
Le Séminaire de Québec,
3, rue de l'Université,
Québec 4, Q.U.E.

THE EQUITABLE LIFE ASSURANCE SOCIETY

OF THE UNITED STATES.

120 BROADWAY, NEW YORK

JAMES W. ALEXANDER, PRESIDENT

JAMES H. HYDE, VICE-PRESIDENT

5 REASONS WHY THE EQUITABLE'S POLICIES ARE BEST

1. Because the Equitable is the strongest life company in the world, having over sixty million dollars of surplus.
2. Because Surplus not only means financial strength, but is also the fund from which dividends to policyholders are paid.
3. Because during the past ten years the Equitable's Surplus earnings have been larger than those of any other company.
4. Because the policies of the Equitable are paid more promptly than those of any other company.
5. Because, for the above reasons, the Equitable's policies are the "Government Bonds" of life assurance.

Protection That Protects.

Absolute Security is *the* consideration in *any* financial contract—especially where it extends into the future. There are other things to be considered, but the first—and greatest—is security.

Why do Government Bonds, yielding only 3 per cent. sell at a premium above par, while many municipal and other Bonds yielding 6 per cent. sell even *below* par? **SECURITY.** Why is it easy to borrow money at 4 and 4½ per cent. on centrally located city property, while owners of suburban property find it difficult to borrow even at 6 and 7 per cent. interest? **SECURITY.**

And financial strength is of far greater importance in Life Assurance than in any other business because of the duration of life assurance contracts, and because on such a contract the whole future of your family may depend.

The Equitable Life Assurance Society has the greatest financial strength of any life company in the world. It has over sixty million dollars of surplus over all liabilities, and is the "***strongest in the world.***" Its contracts are to the assurer what Government Bonds are to the investor.

THE EQUITABLE SOCIETY

STRONGEST IN THE WORLD
